Creating Graded Evolve Assignments in Brightspace by D2L

Introduction: This guide will walk you through creating graded assignments in Brightspace by D2L. 

**NOTE:** There are 4 types of products that have assignments that can be linked to Brightspace by D2L using these steps: Clinical Skills, Elsevier Adaptive Learning, and select versions of Evolve Resources, and Online Courses. In Evolve resources and online courses the only assignments that will pass directly to the gradebook will be inside of a folder marked as gradable resources.

**External Tool Setup**

1. Login to Brightspace by D2L and go to your desired course.
2. Click the **Content** tab in the upper-left-hand corner
