Creating Graded Evolve Assignments in Moodle

Introduction: This guide will walk you through creating graded assignments in Moodle.

**NOTE:** There are 4 types of products that have assignments that can be linked to Moodle using these steps: Clinical Skills, Elsevier Adaptive Learning, and select versions of Evolve Resources, and Online Courses. In Evolve resources and online courses the only assignments that will pass directly to the gradebook will be inside of a folder marked as gradable resources.

**External Tool Setup**

1. Login to Moodle and go to your desired course.
2. Click Turn editing on and open Evolve Link in a new tab.

- **NOTE:** For Evolve Link setup assistance please view “Adding Evolve Content to Moodle”
3. In the Moodle tab, click **Add an activity or resource**.

4. Choose External Tool and click **Add**.
5. In the Evolve Link tab click on the title of the resource you are pulling the assignment from.

6. Continue clicking through the subfolders until you are at the assignment desired and click the Create Link button to the right of the assignment.
7. A box should appear in the middle of the window, click the Copy Title button and go back to the Moodle tab.

8. In the Activity name box, paste the title you just copied.
9. Return to the Evolve Link tab and click **Copy URL**.

10. In your Moodle tab, paste the URL you just copied in **Tool URL box**.
11. You may change, **Privacy, Grade, Common module settings, Tags, or Competencies** as desired. Once finished click **Save and return to course**.
